OVERWATCH & RESCUE (OXR) EMERGENCY ASSISTANCE PLANS

FocusPoint provides emergency assistance to OxR subscribers in annual plans. OxR Emergency Assistance Plans are subject to the terms and conditions set forth herein. OxR Emergency Assistance Plans are non-transferable and non-refundable. By enrolling as an OxR subscriber, you accept and agree to the terms and conditions of the emergency assistance plan. A person who is not a party to this plan has no right under the contract to enforce any term of the plan.

PLAN TERM

Subject to the limitations identified herein, the term of an Overwatch x Rescue Emergency Assistance Plan commences on the effective start date selected by the OxR subscriber when purchasing the satellite messaging plan for their satellite communications device. The end date for an Overwatch x Rescue Emergency Assistance Plan aligns with the end date of the messaging plan.

Regardless of the effective start date of the satellite messaging plan, OxR Emergency Assistance Plans are valid only when the plan fee is collected. A plan is not valid if the plan fee payment is declined, returned, or otherwise unpaid. FocusPoint reserves the right to revoke, rescind, or cancel any plan or refuse a renewal at FocusPoint’s sole discretion. Should FocusPoint exercise its right to revoke, rescind, or cancel an OxR Emergency Assistance Plan, FocusPoint shall refund the OxR subscriber a portion of the plan fee prorated based on the remaining term of the emergency assistance plan.

All OxR Emergency Assistance Plan enrollment data must include accurate information in order to ensure program eligibility. Any false or inaccurate information that would affect an OxR subscriber’s eligibility for an OxR Emergency Assistance Plan is grounds for revocation, cancellation, or rescission of the emergency assistance plan.

SERVICES

General Limitations on Services

The deployment of Crisis Consultants, medical, SAR or security personnel, and associated emergency assistance services are limited to two (2) fully funded responses, per subscriber, per plan term. This includes any qualified transportation of mortal remains. Eligible physical responses are limited to ten (10) calendar days of assistance per qualified response.

Due to the high risk of sending personnel into countries where the United States Department of State or relevant foreign government agency has issued travel restrictions, physical response by Crisis Consultants and/or security personnel may be delayed and/or subject to the exclusion in these areas for safety reasons.

In these situations, OxR subscribers are eligible for crisis consultation and emergency escalation to local emergency services only. Furthermore, any OxR subscriber that refuses, rejects service from a Crisis Consultant or does not abide by the instructions of the Crisis Consultant, hereby renounces and forfeits emergency event benefit.

With respect to any assistance or expense benefit provided to the OxR Subscriber under the terms defined as **Medically Necessary Air Medical Transport**, which is also covered under a valid and collectable workers compensation, business travel accident or employer's liability insurance/protection, the OxR benefits described herein this clause, will apply in excess of such insurance coverage.

LIMITATIONS ON SERVICES SURROUNDING GOVERNMENT AUTHORITY TRAVEL ADVISORIES

In the event that an OxR subscriber elects to travel to locations which the United States Department of State, and/or the Foreign Office of Canada and/or the British Foreign Office and/or similar authority, being the country where the plan subscriber's home or corporate headquarters is located; advises against ALL TRAVEL or advises travelers to leave that location, the following provisions apply: It is a condition of the terms of service of this plan that the subscriber must observe due diligence at all times.

Due regard to all the advice applicable to the travel location must be observed at all times, including but not limited to the employment of security guards (when advised), staying in secure locations, the observance of travel advice and preferred routes, and the avoidance of high-risk locations and public gatherings. In respect of incidents that may occur in locations for which the advice is against ALL TRAVEL, this plan is amended to cover "crisis consultation" and emergency escalation to local emergency services only, and "extra expenses" are not covered.

Evacuation Due to Political Threat & Natural Disasters

OxR subscribers must have proper documentation to evacuate from an area impacted by political violence and/or natural disasters. FocusPoint is not responsible for obtaining these documents in the event of an evacuation. If air transportation is determined to be the best course of action by the Crisis Consultant(s), the timeframe for transport is dependent on aircraft availability, required permits, and visas for the respective countries and any other factors that may be beyond FocusPoint's control. While FocusPoint makes every effort to accommodate its OxR subscribers, due to limited space available on an evacuation aircraft, the OxR subscriber is limited to one small carry-on bag.

In most cases, pets will not be allowed on an evacuation aircraft. Subscribers should be prepared to make alternative arrangements for pets during an evacuation due to political violence or natural disasters.

Air Medical Transport Benefit

Medical transport services are available to any OxR subscriber who qualifies for medical transport services in accordance with these terms and conditions. Air Medical Transport for OxR subscribers that suffer from a medical mishap as a result of a summer or winter sports incident, to include hazardous summer and winter sports, natural disasters, terrorism, riots, strikes or civil commotion will be transported from the point of incident to the nearest appropriate medical facility as determined by FocusPoint and/or the responding agency(s).

Air Medical Transport services are not available to OxR subscribers with mild lesions, simple injuries or minor illnesses that can be treated by local doctors and do not prevent the OxR subscriber from continuing his or her trip or returning home without further immediate medical attention, which may require admittance into a medical facility.

The timeframe for air medical transport is dependent on aircraft and qualified flight personnel availability, required permits, flight plans, airspace and distance of aircraft to the impacted OxR subscriber(s) and any other factors that may be beyond FocusPoint's control. Subscribers must have proper documentation to confirm their identity. FocusPoint is not responsible for obtaining these documents in the event of a request for transport.

Transport Criteria

FocusPoint will make all arrangements for qualifying air medical transport.

DECISIONS REGARDING THE URGENCY OF THE CASE, THE BEST TIMING AND THE MOST SUITABLE MEANS OF TRANSPORTATION WILL BE MADE BY FOCUSPOINT MEDICAL STAFF AFTER CONSULTATION WITH THE LOCAL RESPONSE AGENCY AND POSSIBLY THE ATTENDING PHYSICIAN.

Repatriation of Mortal Remains

In the event of an OxR subscriber's death during a qualifying period of foreign travel, FocusPoint will arrange and pay the reasonable and customary charges for the preparation and return of the OxR subscriber's remains to their home country.

These charges will be at the sole discretion of FocusPoint and only paid if the OxR subscriber has no other benefit in place at the time of death that would otherwise cover this expense. Anyone requesting the repatriation of an OxR subscriber's mortal remains must be able to reasonably prove (when required by FocusPoint) that no other benefits exist that would otherwise cover the expense to repatriate the OxR subscriber's mortal remains.

OVERWATCH x RESCUE (OxR) IS NOT AN INSURANCE POLICY. FOCUSPOINT DOES NOT AND WILL NOT REIMBURSE THOSE SEEKING TO REPATRIATE THE MORTAL REMAINS OF A SUBSCRIBER. THOSE SEEKING ASSISTANCE WITH THE REPATRIATION OF MORTAL REMAINS OF A QUALIFYING SUBSCRIBER MUST ALLOW FOCUSPOINT TO PAY THE REASONABLE AND CUSTOMARY CHARGES DIRECTLY.

This emergency assistance plan benefit includes:

1. Domestic and international paperwork fees
2. Preparation of the OxR subscriber's remains for transport
3. Transport container
4. Ground and airline transport of the OxR subscriber's remains to funeral home of choice
5. One death certificate
